

HUN-808

Tomato Ketchup, Hair Oil, Shampoo, Liquid etc.

Product application:	2ml to 100ml
Sealing type:	3/4-sided seal, Center seal
Packing speed:	50-60 pouches/min
Filling system:	Piston dosing filling system
Sealing Mechanism:	Continuous
Packaging film:	Heat sealable laminated film in roll form.
Maximum film roll width:	150mm
Main Body type:	Fabricated (MS)
Main body covers:	MS with powder coated
All product contact parts:	SS made
Main motor:	1/2HP (Gear motor-Bonfiglioli, Crompton Greaves), Single Phase
Electrical power:	2KW
Machines weight:	700 Kg (Approx.)

FFS Liquid Machine

HUN-809

Tea, Coffee, Mouth Freshner, Detergent all Granules etc.

Half Pneumatic Machine

Product application:	2gm to 300gm
Sealing type:	Center seal
Packing speed:	Upto 60 pouches/min
Filling system:	Cup filling system
Sealing Mechanism:	Intermittent
Packaging film:	Heat sealable laminated film in roll form.
Film Draw Mechanism:	350mm
Machine Body:	Powder coated (GMP Model)
Main motor:	1/2 HP Crompton Make
All product contact parts:	SS made
Machines covers:	Completely enclosed
Batch cutting:	Assembled with horizontal sealer
Cylinders:	Festo/Camozzi/SMC
Compressed air require:	5 Kg
Electrical power:	1 x 220 1.5 KW
Machines weight:	700Kg
